replacement memorials. Further, please clearly indicate in the body of the email that you are sending the new version/s of your memorial/s.

Modification of memorial submission disqualification deadline for the Philippine Qualifying Rounds. Notwithstanding the memorial disqualification deadline set by ILSA, the Philippine Administrator hereby modifies this disqualification deadline and sets an earlier date for the sole purpose of memorial judging. **National and international memorial judges require extra time to thoroughly evaluate the memorials.**

The disqualification deadline (for memorial judging purposes) shall now be on 20 January 2018 and no later than 17:00 (5:00 p.m.), CST. This deadline converts to 7:00 AM (7:00) Next Day (January 21, 2018) Philippine Standard Time.

To clarify, **memorial submissions even after the Philippine memorial judging disqualification deadline will still be accepted until the ultimate disqualification deadline set by ILSA on 26 January 2018**. However, the late memorials submitted beyond the Philippine memorial judging disqualification deadline of 20 January 2018 will no longer be given to memorial judges for marking. Instead, Teams that submit their memorials after the 20 January 2018 Philippine memorial judging disqualification deadline but on or before the 26 January 2018 ILSA disqualification deadline will automatically receive the minimum score of 50 points per judge under Official Rule 11.1(b). **Teams will still be eligible to participate in the oral rounds.**

5. ***Paper Copies of Memorials.*** Teams are required to bring on the first day of the oral rounds at least **three (3)** paper copies each of their Applicant and Respondent memorials. Each copy must be identical to the original electronic documents submitted to the ILSA Executive Office and the Philippine Administrator.
